Automated Packaging Systems is the originator and sole manufacturer of genuine Autobag® bags-on-a-roll and AirPouch™ void-fill air pillows. Since 1962, we have been committed to providing the highest quality poly bags with the shortest lead times in the industry.

Our US plastics manufacturing processes are certified to ISO 9001/2000. Bag material uniformity and integrity exceed quality standards established by the Flexible Packaging Association (FPA).

With multiple manufacturing facilities in the US and Europe, we offer the largest plastic bag manufacturing capacity to ensure your supply chain remains constant. We maintain over 100 million stock bags in a variety of materials, sizes and features to meet a wide range of bag packaging applications.

Customers who use system-matched Autobag bags exclusively qualify for the Systems Advantage™ Program, which offers a variety of preferred services and incentives that enhance overall value of their packaging operation.
