

The Support Shelf is designed to cradle your product in the bag during the loading and sealing cycle insuring positive product handling and quality seals. The Support Shelf is available in a variety of lengths and easily adjusts to various bag sizes. The Support Shelf can be programmed from the AutoTouch Screen to fold down out of the way for applications where it is not required.

### User Benefits

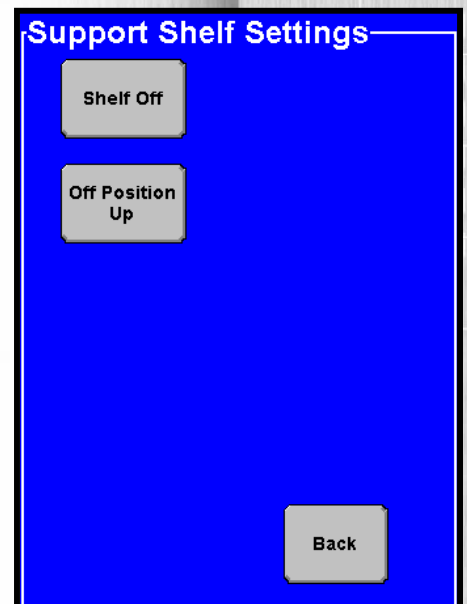

- PROVIDES POSITIVE PRODUCT AND BAG SUPPORT
- GENTLY CRADLES YOUR PRODUCT
- ENHANCES GOOD QUALITY SEALS FOR HEAVY AND BULKY PRODUCTS
- EASILY ADJUSTABLE TO VARIOUS BAG SIZES
