

A PRODUCT OF AUTOMATED PACKAGING SYSTEMS

Quiet Table-Top Packaging At A Cost You Can Afford

The PaceSetter family of semi-automatic table-top packaging equipment, when used with Autobag bags-on-a-roll materials, provides a cost-effective alternative to fully automatic packaging.

Automated Packaging Systems, Inc. combines innovative, modular equipment designs, system-matched materials, and the industry's most comprehensive technical support services for long-term packaging solutions that improve productivity and profitability.
