

**The Curriculum Demanding,
The Tests Comprehensive.
The Results Decisive.**

The all new **Pallet Plus™** is the latest in a series of premium performing fasteners from Bostitch®. Rigorous tests were performed at the critically acclaimed Center For Unit-Loaded Design at Virginia Tech University. The overwhelming results confirmed what our engineers already knew: The **Pallet Plus™** is going to revolutionize the pallet industry.

The Bar Has Been Raised.

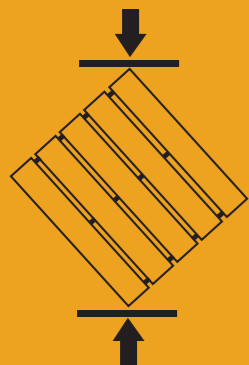

Bostitch®...We pride ourselves on our ability to develop new and exciting fastener technology not only for today but for the next 100 years.

The Innovation Continues.

End Board Impact Resistance

- **264% Greater** resistance to pallet failures caused by forklift impact

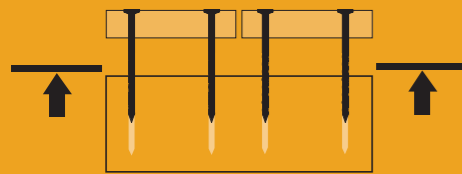

Diagonal Rigidity

- **17% Increase** in diagonal rigidity of pallet

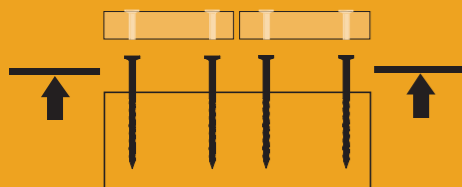

Shear

- Oak-**52% Greater**
- Poplar-**41% Greater**
- Spruce, Pine, Fir-**40% Greater**

Withdrawal

- Oak-**38% Increase**
- Poplar-**37% Increase**
- Spruce, Pine, Fir-**35% Increase**

Pull Through

- Oak-**22% Greater**
- Poplar-**14% Greater**
- Spruce, Pine, Fir-**25% Greater**

Test Results Reflect Increase In Performance Compared To Standard 2" x .099" Screw Shank Pallet Nail.

Pallet Plus™

**Revolutionary Nail Technology.
Ultimate Pallet Performance.**

Pallet Plus™ The Results Are Decisive

Industry Leadership

- International provider of collated fastener solutions to the pallet industry
- Serving industry since 1896
- Introduced first coil nailer and nails in 1965

Fastener Research and Development

- World class fastener R&D laboratories in East Greenwich, RI
- Design team boasts over 85 years of combined fastener development experience
- Dedicated pallet testing facility

“No Voids” Shank Technology

- 100% deep screw in active plane area
- No voids for collation wire
- Optimizes withdrawal performance

Precision Point

- Available in Blunt Diamond and Blunt Chisel
- Reduces splitting in hardwoods

Fat Head

- 19% larger head
- Maximizes shear and pull through performance
- Foundation for greater pallet end board impact resistance and diagonal rigidity

3 Patents Pending

- Innovative nail design
- Ultra performance
- Recognized product differentiation

Royal Purple Coating

- Maximizes depth of drive
- Polymer coating composition optimized for maximum anti-withdrawal performance
- Colored for easy identification

Made to Fit

- Bostitch N70CB, N80CB, N86C
