- L-SEALER and SHRINK TUNNEL on one Frame equipped with all the **SEAL-A-TRON™** features you have enjoyed in the past, plus much more!

- Features the EZ-PERF™ Film Venting System, MAG-LOK™ Magnetic Hold Down, TRU-TEMP™ for precise seal wire control, and an easy, adjustable Product Loading Deck that makes packaging your product a snap! This is truly Plug-N-Play.

- JAM-SAFE™ feature allows the SHRINK TUNNEL Conveyor to be stopped with the human hand without injury. This versatile system can easily be equipped with our 5' long Gravity Exit Conveyor to take even the lightest package away from the SHRINK TUNNEL exit, to prevent product jams.

- The SHRINK TUNNEL features KOOL-TUCH™, our unique innovation, keeping the outside of the TUNNEL cool to the touch while our SURROUND AIR™ shrinks your product perfectly every time. The SHRINK TUNNEL Conveyor is equipped with a HI-TEMP GFN (Glass Filled Nylon) BELT pictured below, heavy duty bearings and a beefy durable DC gear motor to assure long life with minimal maintenance.
