

RCNS2-34 RCNS2-114

Pneumatic Sealers for Steel Strapping

Reliable and durable

All metal and alloy parts provide long-lasting, low-maintenance operation.

Lightweight, ergonomic design

Among the lightest tools in their class, the ergonomically designed RCNS2-34 and RCNS2-114 are easy to handle and operate.

Made in the U.S.A.

Specifications:

For use on 3/4" or 1-1/4" Magnus® steel strapping in gauges from .025" to .031".

Seals used:

RCNS2-34:
34HOC and 34SHOC

RCNS2-114:
114I, 114OF and 114P

Weight: 6.4 lbs.

The RCNS2-34 and RCNS2-114 pneumatic sealers are designed for 3/4" or 1-1/4" (respectively) Magnus® steel strapping in gauges from .025" to .031". These versatile tools can be used on many traditional applications in the metals industry. Compared to other tools in their category, the RCNS2-34 and RCNS2-114 are lighter, more durable and easier to handle.
